Crawford Investment Counsel, Inc. is an independent registered investment adviser with the Securities and Exchange Commission.

*The SMID Cap Equity Composite contains all discretionary, taxable and tax-exempt, SMID accounts. An account managed in the SMID style uses a blend of the small capitalization and mid capitalization stocks and/or small capitalization and mid capitalization pooled investment vehicles.*

For comparison purposes the composite is measured against the Russell 2500 Value Index. The Russell 2500 Value Index measures the performance of the small to mid-cap segment of the U.S. equity universe that also exhibit a value probability. The Russell 2500 Value Index is a subset of the Russell 2500 Index. The stocks included in the value index are selected based on a probability of value as measured by their relative book-to-price ratio. Effective March 31, 2022, the Russell 2500 Index was removed for all periods. The change was made as it was decided that it was not relevant to show multiple benchmarks. Additionally, the SMID Cap strategy aligns closer with the Value Index with regards to percentage of dividend paying companies, correlation, sector exposures, and portfolio characteristics.

Results are based on discretionary accounts under management, including those accounts no longer with the firm. The U.S. Dollar is the currency used to express performance. Returns are presented gross and net of management fees and include the reinvestment of all income. Net of fee performance is calculated based on the actual fees experienced by the client. Certain accounts may not be charged commissions by their broker. The 3-year annualized standard deviation is not shown presented because 36 monthly returns are not available. The annual composite dispersion presented is an asset weighted standard deviation calculated for the accounts in the composite the entire year. Gross returns are used to calculate the internal dispersion and 3-yr annualized standard deviation. Past performance is not necessarily indicative of future results.

The investment management fee schedule for the composite is 1.00% on the first \$3 million; 0.50% on the balance. Actual investment advisory fees incurred by clients may vary. Fees are described in Part II of the firm's ADV, which is available upon request. Fees for accounts in this composite are negotiable and may vary based on individual circumstances.

The inception date of the SMID Cap Equity Composite is November 1, 2012. The SMID Cap Equity Composite was created in March of 2018. A complete list of composite descriptions is available upon request. Policies for valuing investments, calculating performance, and preparing GIPS Reports are available upon request.
